Firm's Engineering Capabilities Strengthened

Maxwell GeoSystems is pleased to announce that Jacob Grasmick has officially received his Professional Engineer (PE) license from the Colorado State Board of Licensure for Architects, Professional Engineers and Professional Land Surveyors.

PE Licensure is the engineering profession's highest standard of competence, a symbol of achievement and assurance of quality.

Jacob is a Colorado School of Mines PhD graduate and has been with MGS since 2019, and is based in Denver, Colorado supporting our N. American operations and providing services in the areas of tunnelling and ground risk characterisation.
