The use and abuse of data in tunnelling talk

Dr. Angus Maxwell, Founder & CEO of Maxwell GeoSystems will be giving an online presentation on the topic of “The use and abuse of data in tunnelling” on the 25th of November 2021.

Hosted by the New Zealand Tunnelling Society, the presentation will cover upon the company’s flagship projects such as Melbourne Metro, Hong Kong HAT S1/S2, DTSS2. It will describe how data management systems may be configured to help projects connect people and systems in a positive risk reduction and productivity improvement framework, along with adverse effects that data misuse can have.
