Digitalisation in Tunnel talk at RETC Event 2021

RETC Event Recap - Digitalisation in Tunnel Construction

Last week, Dr. Jacob Grasmick attended the RETC Event in Las Vegas, where he gave a live talk on quantifying tangible and intangible benefits of digitalisation in tunnel construction.

The event had over 800 registrations, with people across different companies getting together to share industry knowledge and the latest developments. There were a 100 attendees present during the talk by Dr. Jacob, with his presentation being well-received by them.
